Morning Team Notes 12/20 Date: 12/19/96

Norwood, MA--Twelve restaurant owners attended the 12/16 board of health hearing on a proposal to ban smoking in restaurants unless smoking sections are separate and separately ventilated upon applying for a variance. The board did not hear witnesses or vote at the meeting but set said they would meet with key restaurant owners and representatives of the Massachusetts Restaurant Association. After the meeting, the dozen owners and MRA held a strategy session to prepare for their 1/6 informal meeting with the board of health.

New York--Governor Pataki's anti-smoking and anti-retail proposal which must get passed the State Legislature includes a ban on self-service displays of tobacco products as well as doubling the licensing fees to \$200 per year for retailers. That would raise \$5 million of the program's \$12.7 million. The \$5 million would be sent back to localities for sting operations and enforcement laws prohibiting sales to minors. The remainder of the program will be paid for by funds--more than \$7 million--diverted from the State Department of Health. It will go for radio, television and print ads for a two-year period. The first ad started this week and features Mrs. Pataki encouraging parents to patronize stores which clearly make an effort not to sell cigarettes to youth. The other stated reason for the program is to bring NY's ADAMHA rate into compliance by 2000. The rate is now 62% and must climb to 80% by the turn-of-the century.

 Springfield, MA--At the first of two public hearings on 12/5 before the
 city council committee, 40 people attended and about 30 spoke--mostly
 members of retail and wholesale trade. There was 100% opposition to the
 self-service display ban and no opposition--unheard of in the hometown of
 some of the toughest antis in the country. According to Bob Stone, the
 council president still expects a 10-foot, plain-view compromise to be
 passed eventually. We are continuing calls for today's second hearing as
 is PM. PM did not do calls for first hearing.

51861 4841

Niagara County, NY--The board of health on 12/5 unanimously approved a tentative proposal to total ban on smoking in all public places including restaurants, bars, bowling alleys and bingo halls. The ordinance will circulate among members with a vote on a final draft proposal 1/23. The board will then hold four informational meetings throughout the county. If the ordinance is sent to the county legislature, an additional public hearing is required, maybe more. At the 12/5 meeting, seven people attended including the owner of a small bar and several restaurant owners and several anti-smoker activists. All participants spoke informally to the board chairman after the meeting. Elizabeth Gallagher will advise as to grassroots action. The ordinance is like the original Erie County ordinance which the Erie County legislature changed after six public hearings by exempting bars, bowling alleys and bingo halls. The Niagara Falls tourist trade could be affected by the ban
